Of the total volume of shipments, sales into the Residential Roof Deck/Wall Assembly market grew 20% year-over-year, while shipments into the Commercial Modular market decreased 5%

About International Barrier Technology Inc.

International Barrier Technology Inc. (OTCQB: IBTGF; TSX-V: IBH.V) develops, manufactures, and markets proprietary fire-resistant building materials branded as LP[®] FlameBlock[®] Fire-Rated OSB Sheathing and FR Deck Panel. Barrier's award-winning fire-resistant wood panels use a patented, non-toxic, non-combustible coating with an extraordinary capability: it releases water in the heat of fire. The panels exceed "model" building code requirements in every targeted fire test and application, and are unique in combining properties that increase panel strength and minimize environmental and human impact. Barrier's family of products provides customers a premium material choice meeting an increasingly challenging combination of requirements in residential and commercial building construction.
