

Monthly Sales Revenue and Sales Volumes for the period ending December 31, 2015

January 15, 2016 - International Barrier Technology Inc. ("Barrier") (IBTGF: OTCQB; IBH-V: TSXV), a manufacturer of proprietary fire-resistant building materials has released monthly revenue and sales volumes results for the period ending December 31, 2015. Overall sales revenue generated for the month of December increased 94% to \$862,991 from \$445,445 in December 2014.

Total sales revenue generated for the quarter (Oct-Dec) increased 25% to \$2,290,579. During the quarterly period, sales revenue into the Residential Roof Deck/Wall Assembly/Structural Insulated Panel Market increased 37% and revenues into the Commercial Modular industry increased 25%.

Total sales volume, as measured by square footage of shipment to all markets for the month of December 2015, grew 117% over shipments in December 2014 (2,089,448 sq. ft. vs. 964,096 sq. ft.). Shipments measured in square footage for the quarter (Oct-Dec) increased 27% to 5,712,400 sq. ft. in comparison to 4,515,500 sq. ft. Of the quarterly, sales into the Residential Roof Deck/Wall Assembly/Structural Insulated Panel markets grew 34%, year over year, while shipments into the Commercial Modular Market grew 8%.

About International Barrier Technology Inc.

International Barrier Technology Inc. (OTCQB: IBTGF; TSXV: IBH-V) develops, manufactures, and markets proprietary fire-resistant building materials branded as LP[®] FlameBlock[®] Fire-Rated OSB Sheathing and FR Deck Panel. Barrier's award-winning fire-resistant wood panels use a patented, non-toxic, non-combustible coating with an extraordinary capability: it releases water in the heat of fire. The panels exceed "model" building code requirements in every targeted fire test and application, and are unique in combining properties that increase panel strength and minimize environmental and human impact. Barrier's family of products provides customers a premium material choice meeting an increasingly challenging combination of requirements in residential and commercial building construction.
