Barrier's 10K annual financial report will be published on or before September 29th, 2014.

"Fiscal 2014 was a successful year for Barrier with significant sales growth of products manufactured with Pyrotite® products; coupled with the overseas license agreement," states CEO Dr. Michael Huddy. "As we approach capacity in our existing US manufacturing plant in Minnesota, we are committed and focused on expansion by creating more capacity in other geographic regions of the US."

About International Barrier Technology Inc.

International Barrier Technology Inc. (OTCQB: IBTGF; TSXV: IBH.V) develops, manufactures, and markets proprietary fire-resistant building materials branded as LP® FlameBlock® Fire-Rated OSB Sheathing and Mule-Hide FR Deck Panel. Barrier's award-winning fire-resistant wood panels use a patented, non-toxic, non-combustible coating with an extraordinary capability: it releases water in the heat of fire. The panels exceed "model" building code requirements in every targeted fire test and application, and are unique in combining properties that increase panel strength and minimize environmental and human impact. Barrier's family of products provides customers a premium material choice meeting an increasingly challenging combination of requirements in residential and commercial building construction.
